

Claim 9 was amended to specify "at least one" potential target and "at least one" uncharacterized bacteriophage inhibitor protein. Support for these amendment is provided in the specification, for example, at p.11, lines 25-26 and 34, and p.11, lines 26-27 respectively. Claims 36-60 submitted above are directed to the subject matter of claims 26-50 submitted in the provisional application of which the present application claims the benefit, and which was incorporated by reference in its entirety. In addition, claims 36, 38, 43, 44, 48, and 49 correspond to claims 10-15 respectively as originally submitted in the present application. New claims 61-64 are supported in the specification, for example, at p.12, lines 26-28. Support for claims 65-73 is provided at 11, lines 34-35 and in Table 1. Support for claims 74-75 is provided, for example, at p.6, lines 30-32. Support for claim 76-79 is provided, for example, at p.7, lines 6-9. Support for claims 80-85 is provided, for example, at p. 6, lines 28-35. Support for claims 86-87 is provided, for example, at p.7, line 6. Support for claims 88-91 is provided, for example, at p. 8, lines 23-31. Support for claim 92 is provided, for example, at p. 13, lines 33-34. Support for claims 93-99 is provided, for example, at p. 12, lines 6-10, and the support as pointed out for the corresponding claims directed to "uncharacterized bacteriophage inhibitor proteins. Thus, the new claims submitted do not present any new matter. In addition, the subject matter of the new claims submitted falls within the subject matter of claim group II.
